Pleasant Valley Baptist Church Water System
Attn: Tim Ruhl
13539 Garner Ln
Chico, CA 95973

CITATION NO. 01_34_18C_002_0400162_AR
RE: PLEASANT VALLEY BAPTIST CHURCH, PWS #04-00162
CITATION FOR NON-COMPLIANCE 2017 ANNUAL REPORT TO THE DRINKING
WATER PROGRAM

Enclosed is Citation No. 01_34_18C_002_0400162_AR (hereinafter "Citation"), issued to the Pleasant Valley Baptist Church (hereinafter "System"), public water system. Please note there are legally enforceable deadlines associated with this Citation.

The System will be billed at the Butte County Environmental Health (hereinafter "Division"), hourly rate for the time spent on issuing this Citation. California Health and Safety Code (hereinafter "CHSC"), Section 116577, provides that a public water system must reimburse the Division for actual costs incurred by the Division for specified enforcement actions, including but not limited to, preparing, issuing and monitoring compliance with a citation. **An enforcement fee of \$111 will be added to your account for the preparation and issuance of this citation. Another violation will result in enforcement fees and further enforcement actions.**

Any person who is aggrieved by a citation issued by the Division may file a petition with the State Water Resources Control Board (State Water Board) for reconsideration of the citation. Petitions must be received by the State Water Board within 30 calendar days of the issuance of the citation. The date of issuance is the date when the Division mails or serves a copy of the citation, whichever occurs first. If the 30th day falls on a Saturday, Sunday, or state holiday, the petition is due the following business day. Petitions must be received by 5:00 p.m. Information regarding filing petitions may be found at:

http://www.waterboards.ca.gov/drinking_water/programs/petitions/index.shtml

If you have any questions regarding this matter, please contact Amanda Aguiar at (530) 552-3853 or me at (530) 552-3864.

Sincerely,

Jenifer Kovacs, EHS, Associate

BUTTE COUNTY PUBLIC HEALTH
ENVIRONMENTAL HEALTH DIVISION

Name of Public Water System: Pleasant Valley Baptist Church

Water System No: 04-00162

Attention: Pleasant Valley Baptist Church

Attn: Tim Ruhl

13539 Garner Ln

Chico, CA 95973

Issued: October 2, 2018

**CITATION FOR VIOLATION OF CALIFORNIA HEALTH AND SAFETY CODE
DIVISION 104, PART 12, CHAPTER 4, ARTICLE 7, SECTION 116530
FAILURE TO SUBMIT 2017 ANNUAL REPORT**

The California Health and Safety Code (hereinafter "CHSC"), Section 116650 authorizes the Butte County Environmental Health (hereinafter "Division"), to issue a citation to a public water system when the Division determines that the public water system has violated or is violating the California Safe Drinking Water Act (hereinafter "California SDWA"), (CHSC, Division 104, Part 12, Chapter 4, commencing with Section 116270), or any regulation, standard, permit, or order issued or adopted thereunder.

The Division, acting by and through its primacy delegation from the State Water Resources Control Board hereby issues Citation No. 01_34_18C_002_0400162_AR

1 (hereinafter "Citation"), pursuant to Section 1166330(f) and 116650 of the CHSC to
2 the Pleasant Valley Baptist Church (hereinafter " System"), for violation of CHSC,
3 Division 104, Part 12, Chapter 4, Article 7, Section 116530.

4
5 A copy of the applicable statutes and regulations are included in Appendix 1, which is
6 attached hereto and incorporated by reference.

7 8 **STATEMENT OF FACTS**

9 Pursuant to Section 116530 of the CHSC, the System must submit a technical report
10 to the Division when requested. The Division has established a requirement for public
11 water system to annually submit a technical report specifying contact and operational
12 information for the prior calendar year. On April 2, 2018, the Division sent to all public
13 water systems an email notification that the Annual Report for Calendar Year 2017
14 was due to be submitted by June 1, 2018. This notice also included instructions on
15 how to submit the report electronically to the Division. The System failed to submit
16 the report by the due date. On August 3, 2018, the Division sent a notice to the
17 System that its 2017 Annual Report was past due. Subsequent follow-up notices
18 were sent on May 11, 2018, and September 7, 2018. A Citation was issued on
19 September 11, 2018, with a follow up September 28, 2018 reminding the System to
20 submit the 2017 Annual Report. As of the date of this second Citation, the Division
21 has not received the report from the System.

22 23 **DETERMINATION**

24 The System has failed to submit an electronic Annual Report for the Calendar year
25 2017. Consequently, the Division has determined that the System violated CHSC,
26 Division 104, Part 12, Chapter 4, Article 7, section 116530.

1 **DIRECTIVES**

2 The System is hereby directed to take the following actions:

- 3 1. On or before October 15, 2018 complete an Annual Report for 2017 and
4 submit it to the Division at <http://drinc.ca.gov> in accordance with the
5 instructions provided in the notice contained in Appendix 2.
6

7 The subject line for all electronic submittals corresponding to this Citation shall include
8 the following information: Water System name and number, citation number and title
9 of the document being submitted.
10

11 The Division reserves the right to make such modifications to this Citation as it may
12 deem necessary to protect public health and safety. Such modifications may be
13 issued as amendments to this Citation, and shall be deemed effective upon issuance.
14 Nothing in this Citation relieves the System of its obligation to meet the requirements
15 of the California SDWA (CHSC, Division 104, Part 12, Chapter 4, commencing with
16 Section 116270), or of any regulation, standard, permit or order issued or adopted
17 thereunder.
18

19 **PARTIES BOUND**

20 This Citation shall apply to and be binding upon the System, its owners,
21 shareholders, officers, directors, agents, employees, contractors, successors, and
22 assignees.
23

24 **SEVERABILITY**

25 The directives of this Citation are severable, and the System shall comply with each
26 and every provision thereof, notwithstanding the effectiveness of any other provision.
27

1 **FURTHER ENFORCEMENT ACTION**

2

3 The California SDWA authorizes the Division to: issue a citation with assessment of

4 administrative penalties or an order to a public water system for violation or continued

5 violation of the requirements of the California SDWA or any regulation, permit,

6 standard, citation or order issued or adopted thereunder including, but not limited to,

7 failure to correct a violation identified in a citation or compliance order. The California

8 SDWA also authorizes the Division to take action to suspend or revoke a permit that

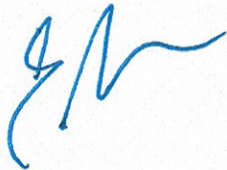

9 has been issued to a public water system if the system has violated applicable law or

10 regulations or has failed to comply with an order of the Division; and to petition the

11 superior court to take various enforcement measures against a public water system

12 that has failed to comply with an order of the Division. The Division does not waive

13 any further enforcement action by issuance of this Citation.

NOTE: The following language is provided for the convenience of the recipient, and cannot be relied upon as the State of California's representation of the law. The published codes are the only official representation of the law. Regulations related to drinking water are in Titles 22 and 17 of the California Code of Regulations. Statutes related to drinking water are in the Health & Safety Code, the Water Code, and other codes.

California Health and Safety Code (CHSC):

Section 116271 states in relevant part:

(a) The State Water Resources Control Board succeeds to and is vested with all of the authority, duties, powers, purposes, functions, responsibilities, and jurisdiction of the State Department of Public Health, its predecessors, and its director for purposes of all of the following:

- (1) The Environmental Laboratory Accreditation Act (Article 3 (commencing with Section 100825) of Chapter 4 of Part 1 of Division 101).
- (2) Article 3 (commencing with Section 106875) of Chapter 4 of Part 1.
- (3) Article 1 (commencing with Section 115825) of Chapter 5 of Part 10.
- (4) This chapter and the Safe Drinking Water State Revolving Fund Law of 1997 (Chapter 4.5 (commencing with Section 116760)).
- (5) Article 2 (commencing with Section 116800), Article 3 (commencing with Section 116825), and Article 4 (commencing with Section 116875) of Chapter 5.
- (6) Chapter 7 (commencing with Section 116975).
- (7) The Safe Drinking Water, Water Quality and Supply, Flood Control, River and Coastal Protection Bond Act of 2006 (Division 43 (commencing with Section 75001) of the Public Resources Code).
- (8) The Water Recycling Law (Chapter 7 (commencing with Section 13500) of Division 7 of the Water Code).
- (9) Chapter 7.3 (commencing with Section 13560) of Division 7 of the Water Code.
- (10) The California Safe Drinking Water Bond Law of 1976 (Chapter 10.5 (commencing with Section 13850) of Division 7 of the Water Code).
- (11) Wholesale Regional Water System Security and Reliability Act (Division 20.5 (commencing with Section 73500) of the Water Code).
- (12) Water Security, Clean Drinking Water, Coastal and Beach Protection Act of 2002 (Division 26.5 (commencing with Section 79500) of the Water Code).

(b) The State Water Resources Control Board shall maintain a drinking water program and carry out the duties, responsibilities, and functions described in this section. Statutory reference to "department," "state department," or "director" regarding a function transferred to the State Water Resources Control Board shall refer to the State Water Resources Control Board. This section does not impair the authority of a local health officer to enforce this chapter or a county's election not to enforce this chapter, as provided in Section 116500...

(k) (1) The State Water Resources Control Board shall appoint a deputy director who reports to the executive director to oversee the issuance and enforcement of public water system permits and other duties as appropriate. The deputy director shall have public health expertise.

(2) The deputy director is delegated the State Water Resources Control Board's authority to provide notice, approve notice content, approve emergency notification plans, and take other action pursuant to Article 5 (commencing with Section 116450), to issue, renew, reissue, revise, amend, or deny any public water system permits pursuant to Article 7 (commencing with Section 116525), to suspend or revoke any public water system permit pursuant to Article 8 (commencing with Section 116625), and to issue citations, assess penalties, or issue orders pursuant to Article 9 (commencing with Section 116650). Decisions and actions of the deputy

director taken pursuant to Article 5 (commencing with Section 116450) or Article 7 (commencing with Section 116525) are deemed decisions and actions taken, but are not subject to reconsideration, by the State Water Resources Control Board. Decisions and actions of the deputy director taken pursuant to Article 8 (commencing with Section 116625) and Article 9 (commencing with Section 116650) are deemed decisions and actions taken by the State Water Resources Control Board, but any aggrieved person may petition the State Water Resources Control Board for reconsideration of the decision or action. This subdivision is not a limitation on the State Water Resources Control Board's authority to delegate any other powers and duties.

Section 116275 states in relevant part:

- (b) "Department" means the state board.
- (ab) "State board" means the State Water Resources Control Board.
- (ac) "Deputy director" means the deputy director appointed by the state board pursuant to subdivision (k) of Section 116271.

Section 116330 states in relevant part:

- (f) The local primacy agency shall act for the department as the primary agency responsible for the administration and enforcement of this chapter for the specified public water systems and shall be empowered with all of the authority granted to the department by this chapter over those water systems.

Section 116530 states:

A public water system shall submit a technical report to the department as part of the permit application or when otherwise required by the department. This report may include, but not be limited to, detailed plans and specifications, water quality information, and physical descriptions of the existing or proposed system, and financial assurance information.

Section 116555 states in relevant part:

- (a) Any person who owns a public water system shall ensure that the system does all of the following:
 - (1) Complies with primary and secondary drinking water standards.
 - (2) Will not be subject to backflow under normal operating conditions.
 - (3) Provides a reliable and adequate supply of pure, wholesome, healthful, and potable water.

Section 116650 states in relevant part:

- (a) If the state board determines that a public water system is in violation of this chapter or any regulation, permit, standard, citation, or order issued or adopted thereunder, the state board may issue a citation to the public water system. The citation shall be served upon the public water system personally or by certified mail. Service shall be deemed effective as of the date of personal service or the date of receipt of the certified mail. If a person to whom a citation is directed refuses to accept delivery of the certified mail, the date of service shall be deemed to be the date of mailing.
- (b) Each citation shall be in writing and shall describe the nature of the violation or violations, including a reference to the statutory provision, standard, order, citation, permit, or regulation alleged to have been violated.
- (c) A citation may specify a date for elimination or correction of the condition constituting the violation.
- (d) A citation may include the assessment of a penalty as specified in subdivision (e).
- (e) The state board may assess a penalty in an amount not to exceed one thousand dollars (\$1,000) per day for each day that a violation occurred, and for each day that a violation continues to occur. A separate penalty may be assessed for each violation and shall be in addition to any liability or penalty imposed under any other law.

Section 116701 (Petitions to Orders and Decisions) states:

(a) Within 30 days of issuance of an order or decision issued by the deputy director under Article 8 (commencing with Section 116625) or Article 9 (commencing with Section 116650), an aggrieved person may petition the state board for reconsideration. Where the order or decision of the deputy director is issued after a hearing under Chapter 5 (commencing with Section 11500) of Part 1 of Division 3 of Title 2 of the Government Code, this section shall apply instead of Section 11521 of the Government Code.

(b) The petition shall include the name and address of the petitioner, a copy of the order or decision for which the petitioner seeks reconsideration, identification of the reason the petitioner alleges the issuance of the order was inappropriate or improper, the specific action the petitioner requests, and other information as the state board may prescribe. The petition shall be accompanied by a statement of points and authorities of the legal issues raised by the petition.

(c) The evidence before the state board shall consist of the record before the deputy director and any other relevant evidence that, in the judgment of the state board, should be considered to implement the policies of this chapter. The state board may, in its discretion, hold a hearing for receipt of additional evidence.

(d) The state board may refuse to reconsider the order or decision if the petition fails to raise substantial issues that are appropriate for review, may deny the petition upon a determination that the issuance of the order or decision was appropriate and proper, may set aside or modify the order or decision, or take other appropriate action. The state board's action pursuant to this subdivision shall constitute the state board's completion of its reconsideration.

(e) The state board, upon notice and hearing, if a hearing is held, may stay in whole or in part the effect of the order or decision of the deputy director.

(f) If an order of the deputy director is subject to reconsideration under this section, the filing of a petition for reconsideration is an administrative remedy that must be exhausted before filing a petition for writ of mandate under Section 116625 or 116700.

Appendix 2

April 2, 2018

TO: SMALL PUBLIC WATER SYSTEMS IN BUTTE COUNTY

**RE: IMPORTANT INFORMATION REGARDING YOUR WATER SYSTEM
ELECTRONIC ANNUAL REPORT REQUIREMENTS**

It is again time to report to the State Water Resources Control Board's (State Board) Division of Drinking Water (DDW), formerly the California Department of Public Health (CDPH), on the operation of your public water system during the past year (2017). This annual report is intended to provide DDW with updated information regarding your water system, including contact information, population served, number of service connections, modifications made in the previous year, etc. Information in the report is also used by the Department of Water Resources (DWR) as well as other State Board divisions and offices. Your accurate and timely completion of this report is appreciated.

In addition, if you have prepared the 2017 Consumer Confidence Report (CCR), you can also upload it at this time by going to the MY CCR UPLOADS tab.

The 2017 electronic Annual Report to the Drinking Water Program (2017 eARDWP) is due to be submitted by **June 1, 2018**.

Since 2010, DDW (CDPH at the time) has instituted procedures for submittal of the annual reports in an electronic format via the eARDWP Portal website. Please note that if you have previously registered for access to the eARDWP website, you do not need to register again to begin completing the 2017 eARDWP. Simply login to the eARDWP Portal using your user name (email address) and password; then go to the **MY EAR REPORTS** tab. Each previously submitted report will have a link on this page. At the bottom of the page is a link to start the 2017 eARDWP.

To access the eARDWP online page, please go to the following link for our DRINC Portal at <http://drinc.ca.gov> and then select the Electronic Annual Report link on the left-hand side of the page or go directly to <http://drinc.ca.gov/ear/>. You may find that some of the report is "pre-populated" with information from our Safe Drinking Water Information System (SDWIS) database. Please check this information to make sure it is still correct and current. To assist you in completing this year's report, you can also pre-populate each section of the report (except for the Water Supplied, Water Rates and Deliveries, Improvements, Complaints, and Conservation sections) with information from last year's report by clicking "**Prefill this Section**" on the left-hand side just above the section tabs.

If you need to add another water system to your registered list: You must ensure you are registered for each water system for which you must submit a report. To register for a new system, you must login to the eARDWP Portal using your user name (email address) and password, then go to the **MY PROFILE** tab and add a water system from the list. Within 3 to 5 days after you have added the new water system to your list, and we have reviewed your registration, you will receive an email to allow you access to start a report for that new public water system(s). You may begin creating the 2017 eARDWP for any water systems for which you have prior approval while you are waiting for the approval for the newly added water system.

If you forgot your password:

Password: You must first login using your user name (email address). When you are at the screen requiring your password, click on the link **FORGOT PASSWORD?**. Your password will be forwarded to your email account.

If you are not a registered user of the EARDWP portal, go to the following link for our DRINC Portal at <http://drinc.ca.gov>, select the Electronic Annual Report link on the left-hand side of the page, and then select the **REGISTRATION** tab, or go directly to <http://drinc.ca.gov/EAR/registration.aspx>. All of the 'required' fields must be completed. You must then select and ADD each water system you represent. Be sure to select the correct DISTRICT if your water system is regulated by DDW or the correct Local Primacy Agency (LPA) if your water system is regulated by the county. Otherwise, you

Public Health Department

Cathy A. Raevsky, Director

buttecounty.net/publichealth

water system will not show up on the list. You need only register once to complete reports for multiple systems for which you are responsible. Within 3 to 5 days after you have registered and your local regulatory agency has approved your registration, you will receive an email from the DRINC Portal Administrator to allow you access to complete and submit a report for your Public Water System(s). **Remember to keep a record of your password created during the registration process.**

Any documents that you wish to accompany the eARDWP other than an updated Water Quality Emergency Notification Plan (WQENP), the Disadvantage Community (DAC) certification and the Lead Service Line Replacement (LSLR) inventory certification and maps must be submitted **to the water system's local regulatory agency**. DAC and LSLR are new for this year and are described below. You may submit your updated Water Quality Emergency Notification Plan via the eARDWP portal in the same manner that you submit your CCR and CCR Certification by going to the MY WQENP UPLOADS tab. For a map identifying DDW District Offices, please click [HERE](#). For contact information of county environmental health agencies, please click [HERE](#).

This year, we are again providing a Frequently Asked Questions (FAQ) posted on the eARDWP portal. We strongly suggest that you read the FAQ before starting a report. You do not need to be logged in to view the FAQ. If you have any questions that are not addressed in the FAQ related to the 2017 eARDWP, please contact your local regulatory agency or send an email to DRINC@waterboards.ca.gov.

What is new in this current eARDWP form?

There are three sections of the LWS EAR with changes:

- a. The Service Connection section (Section 3C) has a new question.
- b. The Water Rates subsection was revised with additional detailed questions on water affordability while the Water Efficiency subsection for large water systems was moved to the section on "Conservation".
- c. The System Operation – Distribution has new subsections E. Infrastructure and Pressure Management and F. Real Loss Reduction Measures. Only Community Water Systems with more than 3,000 service connections or supply more than 3,300 acre feet/year need to complete these new sections.
- d. A question was moved from the Water Efficiency subsection to the Conservation section.

There are four sections of both the SWS and LWS EARs with changes:

Public Health Department

Cathy A. Raevsky, Director
Andy Miller, M.D.,

Environmental Health

F: 530.538.5339

buttecounty.net/publichealth

- a. The Introduction section of the EAR now includes certification for reduction of annual fees for public water systems serving disadvantaged communities (DAC), which is for Community Water systems only. Required documentation can be submitted by going to the MY DAC UPLOADS tab. **APPLIES TO LARGE WATER SYSTEMS SPECIFICALLY (200+ CONNECTIONS) AND ARE REGULATED BY THE STATE.**
- b. In the Water Produced, Purchased and Sold section (Section 5 for both forms) additional guidance on the table column headers and unit of measure selection on the SWS EAR.
- c. A new section on Climate Change was added for Community Systems only, LWS – Section 18 and SWS – Section 17.
- c. A new section on lead service line replacement (LSLR) was added for Community Systems only, LWS – Section 19 and SWS – Section 18. The lead service line inventory certification and maps as applicable must be uploaded by **July 1, 2018** by going to the MY LSLR UPLOADS tab.

The Division recommends you to edit, or if you have not done so create, your service area boundaries and enter them in the **Drinking Water Systems Geographic Reporting Tool**, also known as the **Water Boundary Tool**. The Tool could be accessed through the DRINC Portal website or directly at <http://cehtp.org/page/water/main>. This web-based tool is designed to produce high resolution, digital maps of drinking water system customer service areas for the entire state of California. The tool enables water systems to digitizing their customer service area boundaries and creates a geographic information system (GIS) layer which is useful for identifying neighboring systems and emergency preparedness, for public health prevention and response, and for public health research.

Thank you for your cooperation in completing the Annual Report.
